Case No. C 07-05923-WHA

**DECLARATION OF ROGER N. HELLER
IN SUPPORT OF MOTION FOR AWARD
OF ATTORNEYS' FEES AND COSTS**

Date: May 21, 2015
Time: 2:00 p.m.
Judge: Hon. William H. Alsup

1 I, Roger N. Heller, hereby declare and state:

2 1. I am a member in good standing of the California State Bar and a partner in
3 the law firm of Lieff, Cabraser, Heimann & Bernstein, LLP (“LCHB”), Class Counsel in this
4 case. I am admitted to practice before this Court. I have personal knowledge of the matters set
5 forth herein, and could and would testify competently thereto if called upon to do so.

6 LCHB PROJECT BREAKDOWN

7 2. The Court’s January 30, 2015 Order Re Attorney’s Fees and Expense (Doc.
8 No. 619) (“Fee Order”) directs Class Counsel to submit a detailed breakdown of their time
9 organized by projects. The detailed breakdown for LCHB (the “LCHB Project Report”) is
10 attached hereto as **Exhibit A**. Pursuant to the Fee Order, the LCHB Project Report is also being
11 served on Wells Fargo in Microsoft Excel format.

12 3. All entries in the LCHB Project Report are derived directly from LCHB’s
13 contemporaneous time records, which are prepared contemporaneously and maintained by LCHB
14 in the ordinary course of business. LCHB’s contemporaneous time records include, for each
15 billing entry, the date, timekeeper, and a narrative description of the work performed. However,
16 LCHB time records are not coded or organized by particular project. Therefore, I personally
17 reviewed each LCHB time entry for the case, from the inception of LCHB’s work on the case
18 through January 15, 2015, and assigned them to a particular project. There were instances where,
19 based on my review of the narrative description, a single time entry pertained to more than one
20 project, thus requiring that the reported time be divided and allocated to appropriate projects. In
21 those instances, I used my best judgment to allocate time among relevant projects, generally
22 assigning the time equally between the projects unless it was apparent that another apportionment
23 would be more appropriate. In absolutely no circumstances, of course, did this result in an
24 increase in the time reported, but rather it involved merely allocating existing time reported.
25 Indeed, in some circumstances this resulted in a reduction of time, as some reallocated time was
26 written off in an exercise of billing judgment. I estimate that approximately 8% to 9% of
27 LCHB’s time entries involved apportionment of individual time entries to multiple projects. For
28 many of these entries, the need to apportion the reported time was a function of trying to be as

1 specific as possible in defining the “projects” used for this report. For example, in the days
2 leading up to the depositions of Wells Fargo’s damages experts, Alan Cox (February 5, 2010) and
3 David McGoveran (February 10, 2010), there were some individual time entries related to
4 preparing for both depositions, as the background subject matter overlapped. Had Plaintiffs
5 grouped both of these depositions in a single “project” (*e.g.*, “Damages Experts Depositions”) for
6 this report, then all of the time for these entries would have been assigned to that one project.
7 However, because Plaintiffs were more specific in defining the projects—there is one “project”
8 for the Cox Deposition and another for the McGoveran deposition—the reported time for these
9 entries needed to be divided and apportioned between two projects.

10 **LCHB REDUCTIONS**

11 4. The Fee Order directs Class Counsel to provide information about time that
12 is being “written-off” by Class Counsel in their exercise of billing judgment. As described below,
13 LCHB has conservatively written-off significant amounts of time that LCHB attorneys,
14 paralegals, and staff have worked on this case.

15 5. LCHB periodically reviews its time records, including before submitting
16 requests for attorneys’ fees in its cases. In this case, Class Counsel submitted an initial fee
17 application in November 2010, shortly after the Court entered the initial Judgment. Prior to
18 making that submission, LCHB reviewed its time records in the case and, through that review,
19 reduced its time in the case by more than 100 hours. Because LCHB was not under any
20 obligation to assign its time or reductions to particular projects at that time, LCHB is not in a
21 position now to reasonably provide a breakdown of which specific projects these initial 2010
22 reductions were associated with. These reductions, from the 2010 review, are *not* included in any
23 of the reductions numbers discussed below.

24 6. In connection with the current submission, I again carefully reviewed
25 LCHB’s time records in the case. I reviewed LCHB’s time for the period after the 2010
26 submission, and also re-examined LCHB’s remaining (*i.e.*, not previously written-off) time for
27 the prior period as well, looking for any additional reductions that might be appropriate. Any
28 time that was incorrectly billed to this case was eliminated (these amounts are not included in the

1 reductions amounts listed below). Moreover, through this review (which covered LCHB's time
 2 through January 15, 2015), LCHB has written-off significant additional time billed by LCHB
 3 timekeepers on this case. This includes, for example, time billed for duplicative work, work
 4 related to turnover of personnel working on the case, court appearances by attorneys or staff
 5 whose attendance was not reasonably necessary, maintaining the case file, distributing pleadings
 6 among the case team, time billed by attorneys and staff who billed fewer than 10 hours to the
 7 case, and other time that, in my view, could have been deemed excessive.

8 7. Some, but not all, of these reductions are reflected in the individual project
 9 tabs that comprise the LCHB Project Report, as indicated in the "Reductions" row at the bottom
 10 of each project tab. (The "Totals" above the "Reductions" in each project tab are net of
 11 reductions). These reductions include 102 hours of time that LCHB is writing off that, in my
 12 view, did not fit within a particular project (Exhibit A at Tab 3 (Miscellaneous)). These
 13 reductions also include all of the time that LCHB spent in connection with Class Counsel's first
 14 fee application in the case, filed in 2010.¹ (None of the time that LCHB has spent on the present
 15 motion is included either; all or most of that time post-dates the January 15, 2015 cut-off that we
 16 used in preparing this report). The total amount of the reductions that are included in the LCHB
 17 Project Report, is 451.3 hours (totaling \$198,795.50 in lodestar reduced, using historical billing
 18 rates).

19 8. In addition to the reductions that are reflected in the LCHB Project Report,
 20 there were projects where LCHB wrote off all time for the entire project, including: LCHB's
 21 Initial Investigation (13.3 hours, \$8,003.00 lodestar using historical billing rates); Association of
 22 LCHB as Counsel (1.7 hours, \$790.00 lodestar); Motion for Appointment of LCHB as Class
 23 Counsel (4.1 hours, \$2,161.00 lodestar); Wells Fargo's Motion for Costs (3.2 hours; \$1,470.00
 24

25 _____
 26 ¹ As reflected in the LCHB Project Report, this has resulted in a reduction of 179.40 hours, for a
 27 total lodestar reduction of \$91,647.50 using historical billing rates (Exhibit A at Tab. 46). While
 28 this time is compensable under applicable law, LCHB does not include it as part of this
 submission. The only time that is included by LCHB, for the 2010 fee and cost briefing, is the
 time that was specifically related to Class Counsel's Bill of Costs and Wells Fargo's objections
 thereto. (Doc. No. 514, 538, 553).

1 lodestar); Center for Responsible Lending Amicus Brief (26.50 hours, \$12,831.50 lodestar).

2 These projects are not included in the LCHB Project Report.

3 9. In all, excluding the reductions made in 2010 discussed above, LCHB has
4 made reductions of 500.1 hours of time spent by LCHB timekeepers on this case, for a total
5 lodestar reduction of \$224,051.00 (using historical billing rates). Attached hereto as **Exhibit B** is
6 a summary chart breaking down these reductions by individual LCHB timekeeper.

7 **TIME AND EXPENSE SUMMARY CHARTS (BOTH FIRMS)**

8 10. The Fee Order directs Class Counsel to submit a separate summary chart
9 showing the total time and lodestars per individual timekeeper, for the time for which Class
10 Counsel seek compensation.

11 11. Attached hereto as **Exhibit C** is a summary chart showing all timekeepers
12 for which compensation is sought by Class Counsel (LCHB and M&W), their hours, and their
13 lodestars calculated at historical billing rates.

14 12. Attached hereto as **Exhibit D** is a summary chart showing all timekeepers
15 for which compensation is sought by Class Counsel (LCHB and M&W), their hours, and their
16 lodestars calculated at current billing rates.

17 13. The Fee Order also directs Class Counsel to submit a summary chart
18 showing, for each firm, the firm's total time, lodestar and expenses for which compensation is
19 sought. That chart is attached hereto as **Exhibit E**.

20 **SUMMARY OF LCHB TIME**

21 14. Attached hereto as **Exhibit F** is a summary chart showing the hours (as of
22 January 15, 2015), the historical billing rates, and the lodestars for each individual timekeeper for
23 which LCHB is seeking compensation.

24 15. Attached hereto as **Exhibit G** is a summary chart showing the hours (as of
25 January 15, 2015), the current billing rates, and the lodestars for each individual timekeeper for
26
27
28

1 which LCHB is seeking compensation. For any individuals who have left the employ of LCHB,
 2 the hourly rate at the time when their employment concluded is used in Exhibit D.²

3 16. As reflected in Exhibits F and G, as of January 15, 2015, the attorney, paralegal,
 4 and staff timekeepers at LCHB have billed approximately 5,697.80 hours in connection with this
 5 case (exclusive of write-offs), for a total lodestar of approximately \$2,956,906.50 (using
 6 historical billing rates) and \$3,297,495.00 (using current billing rates). This information is
 7 derived directly from LCHB's time records, which are prepared contemporaneously and
 8 maintained by LCHB in the ordinary course of business.

9 17. LCHB's customary rates, which were used for purposes of calculating the
 10 lodestars here, are based on prevailing rates in this District and have been approved repeatedly by
 11 federal courts in this Circuit and other Circuits. *See, e.g., Brazil v. Dell Inc.*, 2012 U.S. Dist.

22 18. The qualifications, experience, and roles of the LCHB timekeepers for whom
 23 compensation is sought in this case are set forth in the accompanying declaration of Richard M.
 24 Heimann.

25 19. LCHB sets its hourly rates according to prevailing market rates, bills its hourly
 26 paying clients according to those rates, and is routinely awarded fees according to those rates.

27 ² In mid-2011, I was promoted from associate to partner at LCHB. For the time that I billed prior
 28 to my promotion in mid-2011 (*i.e.*, while I was an associate), the billing rate used in Exhibit D is
 my billing rate that was in place at the time I was promoted.

1 LCHB primarily represents clients on a contingent fee basis, both in class and individual cases.
 2 However, LCHB also represents plaintiffs on an hourly basis and is paid according to its then
 3 current hourly rates. LCHB currently is retained by such clients who pay LCHB's current hourly
 4 rates, the same rates used to calculate its lodestar in this matter.

5 20. LCHB has spent considerable time on this litigation that could have been spent on
 6 other matters. At various times during the litigation, the active prosecution of the claims has
 7 consumed a substantial percentage of my billable time that could otherwise have been spent on
 8 other fee-generating work. In addition to a substantial percentage of my time, this case has also
 9 required significant time from LCHB partners Richard M. Heimann, Michael W. Sobol, and other
 10 LCHB attorneys, paralegals and staff that could have been spent on other fee-generating work.

11 21. The time that LCHB has spent on this case has been completely contingent on the
 12 outcome of the action. LCHB has not been paid for any of the time spent on the action, nor has it
 13 been reimbursed for any of its out-of-pocket expenses.

14 LCHB EXPENSES

15 22. LCHB has incurred more than \$449,859.85 in un-reimbursed expenses that were
 16 necessarily incurred in connection with the prosecution of this litigation. This includes costs
 17 associated with experts, administration of the case website, computer legal research, equipment
 18 for the trial and other trial expenses, filing fees, copying, postage, and mediation expenses. A
 19 summary of the expenses for which LCHB seeks reimbursement is attached hereto as **Exhibit H**.
 20 A detailed report itemizing each expense is attached hereto as **Exhibit I**.

21 23. The foregoing expenses were incurred solely in connection with this litigation and
 22 are reflected on LCHB's books and records as maintained in the ordinary course of business.
 23 These books and records are prepared from invoices, receipts, expense vouchers, check records
 24 and other records, and are an accurate record of the expenses incurred in this case. The rates
 25 charged for all internal expenses incurred by my firm (*e.g.*, photocopying) are the same
 26 irrespective of whether the case is billable or contingent.

27 24. The above expenses do not include \$41,650.88 in taxable costs incurred by LCHB
 28 in this case, which were included in the Bill of Costs submitted by Class Counsel in 2010 (*see*

1 Doc. No. 514), nor do they include significant additional costs that LCHB has incurred in this
2 case (*e.g.*, in-house printing, telephone, parking, meals) for which LCHB does not seek
3 reimbursement.

4
5 I declare under penalty of perjury that the foregoing is true and correct. Executed
6 this 17th day of February, 2015, at San Francisco, California.
